- DATA MANAGEMENT

## SOFT SKILLS

- TEAMWORK
- TIME MANAGEMENT
- CREATIVITY

## LANGUAGES

French: native language

English: upper intermediate level

Spanish: intermediate level

# HAYSSAM HASSAN

## CAREERS OBJECTIVES

An entry-level position in network security for a multinational company.

## PROFESSIONAL EXPERIENCE

### ○ 1 WEEK INTERNSHIP AT LINKT

During my internship, I learnt about project management, focusing on Scrum, poker planning, and Gantt charts. Simultaneously, I implemented fundamental cryptography principles in Python.

### ○ COLLABORATIVE PROGRAMMING PROJECTS AT HIGHSCHOOL

I participated in numerous projects that demanded the implementation of various programming concepts, with a strong emphasis on organization.

I also was part of teams in high intensity competitions: "Nuit du Code", required us to develop an original game under specific constraints within a defined timeframe "Olympiades", where I collaborated with my team, tackling challenging exercises together.

## INTERESTS AND ACTIVITIES

I have a keen in playing both board and video games, especially chess and puzzles. These activities not only offer entertainment but also play a significant role in improving my critical thinking and problem-solving skills.
